INTERNET RADIO FOR FLY FISHING.....Some notes from Charlie Rosser's Desk

Want a good website to hear some good fly fishing info. Try <http://www.askaboutflyfishing.com>

Ask About Fly Fishing - Internet Radio has brought together The Experts on fly fishing to tell you in their own words the secrets to their success in both Freshwater and Saltwater. Covering fish from Trout to Tarpon, from tying flies to casting them you'll find it all on Ask About Fly Fishing - Internet Radio. Some of the experts that have been on the show are: Jeff Currier, Kelly Galloup, John Tavenner (Fly fishing the San Juan), Jack Dennis, Wendy Gunn, and Denny Rickards. Check it out and get on their e-mail list to get notification of up coming broadcast. You can also listen to all the past broadcast or down load them to your iPod like Dan Schwartz does.

Below is from Dan Schwartz note book:

Is this an addiction?

I just can't get enough, my wife thinks I'm crazy, and she may be right. No one ever gets to fish as much as they want. I watch videos, read books and magazines, tie flies, and search the internet. All just to fill the need for more fly fishing information.

Then it happened, I got really lucky, and won an iPod in a contest. Wanting to be cool I hooked it up to my computer and signed in to iTunes. I downloaded some music, and then I saw it. Podcasts, sounds kind of like fishing if you think about it.

Now I can fill my commute and travel time with more fly fishing information. I currently subscribe to 4 podcasts about fly fishing. Its great stuff, interviews with guides, authors, manufactures. Learn about new destinations and techniques. I guess if I can't be fishing at least I am hearing about someone else going.

If the idea of an iPod and podcast is scary just give a 15 year old 20 bucks and they will have you hooked up and running in no time.

The podcast I subscribe to are;

Ask About Fly Fishing - www.askaboutflyfishing.com

Fly Fish Radio - www.flyfishradio.com

Global Flyfisher - www.globalflyfisher.com

The Itinerant Angler - www.itinerantangler.com

I'm sure there are more podcast out there. These are the one's I enjoy. *And remember, yes it is an addiction, but I sure can think of worse addictions to have.*
